

SALE+PURCHASE MANAGER - GERMANY -

GRS, founded in 2011, is the leading independent ship broking house within the renewable energy sector for chartering and sale and purchase of special offshore tonnage and equipment as well as arrangements of turnkey contracts.

GRS supports its clients for years in their global purchase enquiries and tender processes, and enables them to optimized logistics and costs with all major contractors in the industry.

The entire team provides best prices and availabilities according to the guiding principle: “Any Vessel Anytime”.

For every stage of an offshore project GRS provides out of its huge database its client with suitable turn-key-solution, vessels and equipment, for cost optimization from day one on.

The detailed knowledge of GRS’ experts, as well as the world-wide network makes GRS the leading shipbroker within the renewable energy market. More information is available at www.grs.group.

We are looking for new staff to enhance our team in the GERMANY.
