100.000+ VESSELS IN DATABASE

Each offshore vessel, ferry, cruise ship or equipment type is covered by specialized GRS brokers.

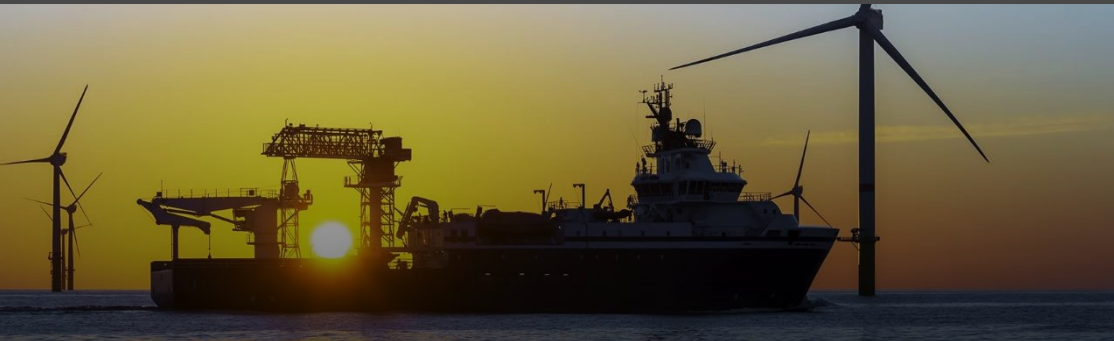

10+ YEARS OF EXPERIENCE

With more than one decade of experience, GRS is a strong partner to all clients.

STRATEGY+SOURCING

Consultancy service providing project management for offshore projects in renewable energy. From concept development through tender support and contract negotiations and closing, our service ensures the highest level of competition to maximize cost and time savings while delivering outstanding quality.

INVEST+FINANCE

Strategic advice, independency consultancy and corporate finance – with a focus on project financing, business transactions, due diligence, strategic analyses, restructuring and distressed or special situations.

OFFSHORE BROKERAGE

Benefit from our international network and an internal database containing more than 100,000 offshore vessels. Chartering, buying or selling an offshore vessel is an intricate procedure that requires in-depth market knowledge, an extensive international network, and trustworthy partners.

OFFSHORE SERVICES

Offshore Equipment, Cargo Run, Research & Consulting, Newbuilding or Conversion Projects, Valuation Reports: We combine technical expertise, market insight, and innovative thinking to bring your highly specialized project from the initial concept to the open seas.

STRATEGY+SOURCING

Strategy+Sourcing is a turnkey consultancy service providing project management for offshore projects in renewable energy.

Project Consulting

Development and realization of offshore renewables projects - from early concept development: planning, coordination and implementation of project fundamentals, scopes of work and related interfaces within contractual set-up.

Tender Support & Management

Preparation of tender documents and the implementation of the tender phase; optimized and highly competitive tender phase, to achieve cost and time savings together with highest quality in offerings received.

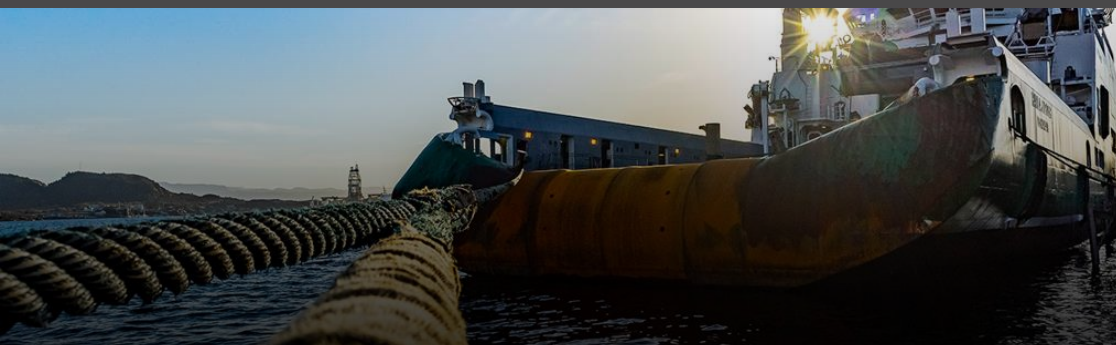

Contract Negotiation

Based on GRS expertise from over 1,500 contracts successfully closed in offshore projects, you benefit from bespoke support during the full contracting phase and negotiations.

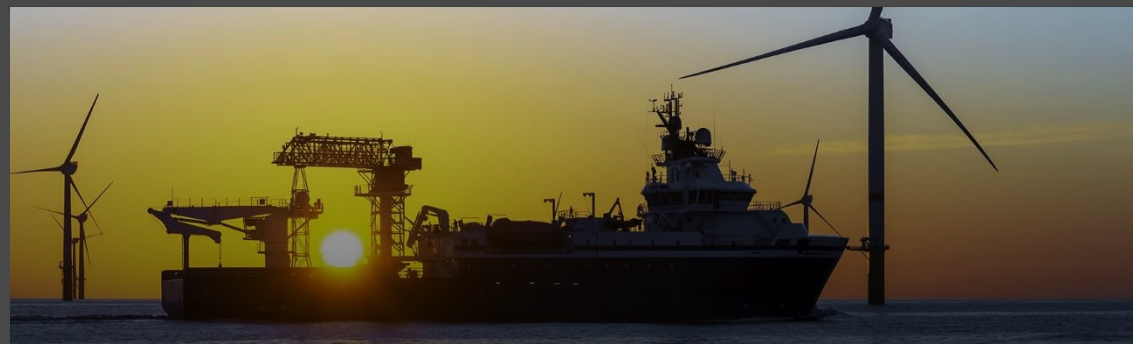

CHARTERING

Benefit from our international network and an internal database containing more than 100,000 offshore vessels and offshore equipment.

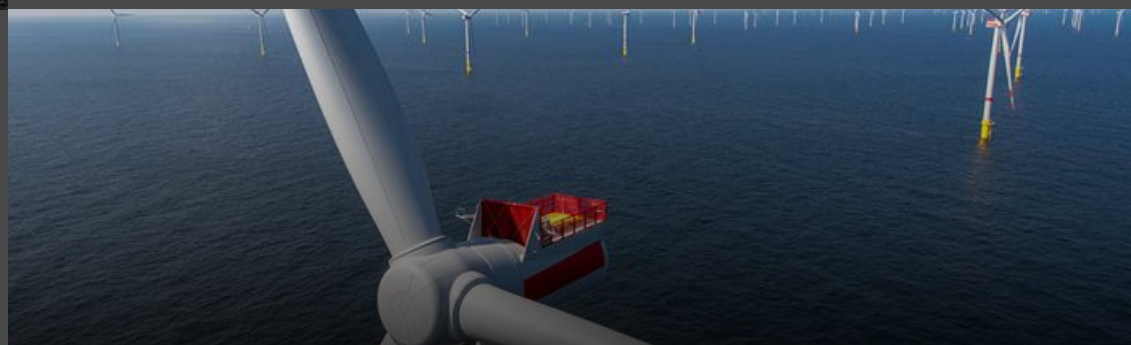

Confidential and discreet

Secrecy guarantees the best price: enquiries on behalf of the clients, are published without names and project details. As experts for offshore vessels, GRS guides you through the market and brings the deal to a successful close.

Your trusted Partner

A truly independent partner who works diligently to ensure you get the best possible vessel for the most attractive price.

Saving You Money and Time

Supporting your charter project with expertise and competence: from the identification of requirements, negotiation and completion of the contract, for the entire chartering period. This service is free of charge for you.

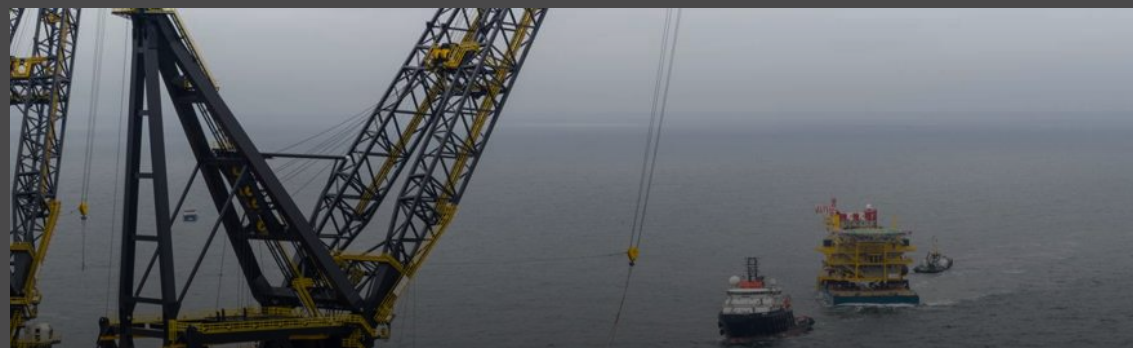

SALE+PURCHASE

Trust in our independence to find the best deal and reliability to ensure that the project runs smoothly.

Discreet and experienced Partners

Selecting potential offshore vessels, gathering offers from the sellers. Remaining the buyer's name anonymous, for protecting the client's reputation in the market. Providing a competitive environment and more favorable pricing.

Identification of Requirements

Definition of requirements, guidance on any technical questions, and surveying the offshore vessel market. Providing price guidance and availability of vessels without disclosing your inquiry to the market.

Contract Negotiation

Identifying the preferred vessel(s) and completing a vessel inspection. Drawing up a contract based on the terms and conditions of the best offer. Support through the contract notifications.
